

# SPIRIT-LED SUPERMOMS

## IT'S OK- I'M YOU, TOO!

Becoming an aware parent ushers you into what Ruthie calls: *"The Brotherhood of Motherhood"* where you experience the refiner's fire that melts your heart. Your best and worst come to the surface. You are uplifted and humbled, never to be the same again, more compassionate, more forgiving and stronger than you've ever imagined. And you realize how much your parent's must have loved you.

An Emmy Award Winning Animation Artist, Ruthie worked on The Simpsons, Scooby Doo, Space Jam and more. Her seven children were always in her heart. But at home her husband David, defied the rules of good behavior and high ideals she set out to exemplify. So she began **SPIRIT LED SUPERMOMS** to teach ways to STOP being a victim and learn to listen to your Intuition so you can become the mom you always wanted to be.

In 2003, she created **GoMommyGO®** to share systems for positive reinforcement. And in 2007 co-founded **EDU DESIGNS**, a non-profit that creates media for children's character development.
